Step 2: Complete Recruiter Pre-Screen Interview

A military pre-screen interview is required with an Air Force recruiter before you can officially attend the live audition. This step in no way obligates the applicant to enlist in the United States Air Force. Applicants must contact the recruiter ASAP! You can find your local recruiter here: <http://www.airforce.com/contact-us/recruiter-locator/>

Step 3: Receive Audition Material

Auditions will forward the musical repertoire needed for the live audition via email message to the applicant. At this time tickets and accommodations should be scheduled if needed.
